CONFERENCE FOCUS

The 15th International All for Power Conference will once again focus on nuclear and conventional power plants in the context of planned construction and upgrades of existing sources. Heating and industrial energy sectors will not be left aside.

The conference will be accompanied by a traditional exhibition of products and services delivered by contractors.

KEY TOPICS

- > Nuclear and Conventional Power, Investment Plans, Maintenance, Reconstruction
- > Combined Heat and Power, District Heating, Industrial Power Plants, Decentralized Energy
- > Export Opportunities
- > EPC Contractors, Foreign Experiences

CONFERENCE OBJECTIVE

The objective of the conference is to create room for meetings between investors and contractors. And also to map the real capacities and expectations of both groups.

TARGET AUDIENCE

The conference is attended by the representatives of these entities:

- > utilities
- > energy sector contractors
- > engineering and construction companies
- > information and telecommunication technology
- > investment groups
- > financial institutions
- > consultants
- > lawyers
